

Protect Your Investment With the Only Plan Offered by Case IH

Purchased Protection Plan (PPP)

Life doesn't come with a warranty, but your Case IH equipment does. In fact, it's one of the best factory warranties in the industry. However, many customers continue to operate their equipment beyond the unit's base warranty period.

That is why Case IH offers PPP – to help you manage your risk *beyond* the base warranty period and help protect you against future repair bills and costly downtime.

PPP is designed to get you the most out of your equipment for many years to come. With flexible coverage and term options, which can be tailored to meet your individual needs, peace of mind is available at your local Case IH dealership.
